THIELMANN CONTAINER SYSTEMS

TUFF | CHEMICALS | COATINGS | PHARMACEUTICAL

Deep drawn top head and bottom assure high form stability  
Screw cover with hinge  
Closing by 6 hammer bolts with wing nuts

Robust base frame by additional cross bracings  
Potential balance between container and support frame by earthing strap.

## Cost-efficient, cubic IBC for liquids with optimal space optimization

UCON MeterCUBE. Stainless steel construction guarantees the longest service life.

### Applications:

- Transport and storage of products used in the chemical, coatings and food industry
- As per regulations stipulated under the traffic law, ADR, RID and IMDG code.
- Suitable for transport in ISO freight containers
- \* Pharmaceutical version available upon request.
- \* Aseptic version available upon request

### Handling:

- Suitable for forklift and hand pallet truck handling
- Suitable for crane handling
- Stackability: Up to 4 empty (only in warehouse) and up to 2 full. Permitted stacking load 1947kg.

### Certifications:

- UN certification available
- Compliant with EG 1935/2004 regulation

### Capacity:

1000 liters

### Advantages:

- Optimal space utilization during transport and storage
- Up to 40 Metercubes will fit in a 40' ISO container
- Up to 44 Metercubes will fit in a trailer.
- Complete emptying of container due to deep-drawn bottom with virtually no dead zones, fitted with directly flange-mounted outlet valve
- Cost-efficient
- Pressure relief valve
- Panels on 3 sides protect outlet.
- Outlet via deep drawn sink, pipe and ball valve
- Under base steam/ hot water heater system available upon request
