

# UCON BP

## Optimum product flow

[www.ucon.de](http://www.ucon.de)

### IBC for dangerous powder and bulk solid materials

Unbeatable service life. UCON, the safe choice.

- Tank body supported in a protective frame
- Discharge via butterfly valve
- Optimum discharging
- 30°, 45° or 60° hopper
- Environmentally friendly
- Designed for safe handling by hand pallet truck / forklift.

UCON BP features ideal cleaning geometry, residue-free emptying and is non-permeable. With great variety in sizes and non-wearing construction which allows continual re-use, the UCON BP bulk material container made of stainless steel meets all your requirements.

Our striving for quality and perfection ensures the highest possible degree of safety and longevity. Your requirements and our pioneer culture give rise to customized, innovative products made of stainless steel."
